

Campus Aid Urged for Handicapped Boy Scouts

By DAVE ELAM

Troop 45, Boy Scouts of America, a local group made up of handicapped children from the San Jose area, needs former scouts to act as assistant scoutmasters, and guest speakers to appear before the group.

The troop, which is made up of cerebral palsy victims and other handicapped boys of scouting age, is sponsored by the Junior Chamber of Commerce.

Don True, member of the board

of directors of the Junior Chamber of Commerce and past San Jose State college ASB president, is supervisor of the activities of the group.

Scoutmaster Volunteer

Val Travaglini, major in education of handicapped children with a recreation minor, has volunteered for one of the assistant scoutmaster positions.

Chuck Adkins, Olympic boxing champion, will speak to the group on boxing in the near future, and Bob Dean, of Alpha

Phi Omega, scouting fraternity, is scheduled to introduce Troop 45 members to the field of sculpturing.

Pat Engerud, chairman of the Community Service campaign, who is conducting the campus search for students to help the troop, announced that more volunteers are needed.

Evans Supports

Tom Evans, ASB president, made the following statement regarding student aid to the troop:

"I think that we as students

of San Jose State should be proud that the city Junior Chamber of Commerce is sponsoring such a project as the handicapped scout troop. I think it would be beneficial to the college, the community and the troop if we students could help in furthering the program."

Alpha Tau Omega social fraternity helped get the troop on its feet by building a scout hall nine months ago. The hall is at 655 McLellan street.

National Recognition

The project gained national recognition when the local Junior

Chamber of Commerce convention was awarded first prize at the National Junior Chamber of Commerce convention for it as the most outstanding project for 1952-53.

Anyone interested in working with the troop can contact Pat Engerud at the ASB or Rally committee office in the Student Union on Tuesdays and Thursdays from 10:30 to 11:20 a.m. and from 2:30 to 3:20 p.m.

In the evenings, Miss Engerud may be reached at CL 8-3066.

Kisses, the Bird For Trot Victor

Record Signup Predicted For Annual Race

Queenly beauty, three long miles and a turkey will add up Tuesday to the ninth annual running of the Alpha Phi Omega Turkey Trot.

The number of early entries forecasts a record number of competitors will be added to the cast as the 10 a.m. Tuesday sign-up deadline draws near.

Homecoming Queen Patsy Lieftrick will reign over the colorful scramble for individual and team honors. She will bestow the traditional kiss to the winner of individual competition.

Experts, Amateurs Eligible

Both novice and cross-country team runners are eligible.

Organizational relay teams, six men per team, will race the distance for gold trophies. There will be first, second and third place awards, according to Mel Binkley, student chairman.

Individual and team sign-ups should be made at the Men's gym before 10 o'clock Tuesday morning. The race will start at 12:30 p.m. the same day.

The three-mile course will start at the Men's gym on San Carlos. It turns south on Seventh street to the Spartan stadium, then back by the same route.

Handicapped

Novice runners will be aided by a three-block handicap on the cross-country team members entered.

Three former winners, Gene Haynes, Paul Jennings and Bob McMullan, are expected to compete.

Last year McMullan won the Turkey and queenly kiss from 1951 Homecoming Queen Barbara Kelly.

Winner of the relay race was Delta Upsilon last year, but track coach Bud Winter has predicted a much closer race in that division this year.

Student Council

The Student Council will meet Tuesday next week instead of Wednesday, according to John Aitken, Associated Student Body vice-president.

The regular 3:30 p.m. meeting time has not been changed. The council will meet in the Student Union as usual.

Football Team Stolen; Wing Decries Loss

Investigations are being conducted by student officials to try to track down some 30 pictures of Sparta's football players which were taken recently from the corridor in front of Morris Dailey auditorium.

A similar display which was placed in the quad last year was also stolen, reported Cliff Majersik, Rally committee publicity chairman. This year the pictures were hung out of reach in the corridor in an effort to eliminate a recurrence.

The display was made by the Public Relations subcommittee in an effort to acquaint students with the Spartan gridders, Majersik said.

"We would like to be able to publicize the team, so that the student body would know its players. Such projects will be impossible in the future since we may only expect that our efforts will be vandalized as they have the past two years," declared Chuck Wing, Rally committee chairman.

The Weather

Fair weather will hang on today in the valley. The Weather Bureau says there will be little change in temperature, with a high today of 65-70. The low temperature last night was hovering around freezing—32 degrees. No rain in sight.

Cabinet Choices Hailed

WASHINGTON (UP)—Republicans and some Democrats yesterday generally hailed President-elect Eisenhower's choices for cabinet posts in the new administration.

Eisenhower chose John Foster Dulles to be Secretary of State; Charles E. Wilson of General Motors to be Defense Secretary, and Gov. Douglas McKay of Oregon to be Secretary of Interior.

WASHINGTON (UP)—President Truman said yesterday he will continue to have influence in the Democratic party but he considers Gov. Adlai E. Stevenson to be the party's head.

UNITED NATIONS, N.Y. (UP)—British Foreign Secretary Anthony Eden said yesterday Britain agrees with "the vital point" of India's Korean compromise plan—that force shall not be used to repatriate or retain war prisoners.

Spartan Daily Will Welcome Policy Talks

When the proposed group of Student Council members arrives to discuss the editorial policy of the Spartan Daily, it will be welcome, according to a statement made yesterday by Dr. Dwight Bentel, head of the Journalism department.

Dr. Bentel said:

"I'm thoroughly in favor of Tom Evans' appointment of a group to discuss editorial policy of the Spartan Daily. It is my belief that the Student Council and student publications should be closer together than they appear to be sometimes."

The Journalism faculty appointed to meet with this group will be happy to do so. There is no real difference between the interests of the council and interests of the Spartan Daily staff in the conduct of the student newspaper, and I'm sure a generally satisfactory outcome can be accomplished."

Students Take Hearst Test

The annual Hearst history test was given by members of the college extension service to 161 Santa Clara valley high school students yesterday.

The juniors and seniors were entertained following the exam by Patsy Lieftrick, Homecoming queen, Norma Lieftrick, head majorette, Don Kidder and Bob Twiss, Chuck Adkins, newly appointed boxing coach, and Jerry Ball, student body representative-at-large, described campus activities.

J.C. Split Crimps '53 College Budget

The junior college separation will result in the loss of approximately \$430,114 in the college's 1953-54 budget, according to E. S. Thompson, business manager.

But, Thompson said, there is not much concern about the decrease in dollars for two reasons.

1. "The state college students are not directly affected by it. The loss in J.C. money therefore is largely compensated for by the loss of J.C. students."

2. "There is the corollary of an increase in state college enrollment totaling some 300 students or approximately \$180,000 as a result of the separation."

Thompson stated that the overall monetary condition was not a problem. "The fact that we may lose a good deal of fi-

nancial flexibility, however, may be troublesome," he said.

The flexibility referred to concerns the college's former practice of utilizing some J.C. moneys to purchase departmental equipment available to both state college and junior college undergraduates.

Thompson thought the separation might have some effect on the health service, Police department, Science department, Audio-visual, Engineering and Ceramics departments. "They may be out of luck at times regarding equipment," he said.

He did not think these school areas would be "crippled," however. "For instance, the Police school now is included in State appropriations," he explained, although it was initiated primarily by J.C. funds."

Ye Ed Ponders Problem

photo by Hill

WHAT TO DO? A perplexed Walt Roessing, Spartan Daily editor, is shown in the midst of 30-odd stories that have been accumulating in the copy basket on the make-up editor's table for several days. "There just does not seem to be enough room for everything," Roessing mutters to himself. The editor and his staff have been the recipients of many complaints because of material not appearing in the paper. Today's edition is being devoted to news in order to clear the surplus and satisfy news sources. The issue contains seven pages. Some of the stories spread on the floor include: "Dr. Leonard Larson speaks," "Community Service committee to meet," "Engineering department faculty," and "Spartan Folk singers organized."

Today Deadline To Extend Ducat File Applications Deadline Till Tuesday, 5 pm

Noon today is the deadline for freshmen to file applications at the booth at the Library Arch for candidacy in the class elections to be held Dec. 5, according to Sue Chapman, Election committee chairman.

Candidates will be introduced to the class during Freshman Orientation Dec. 4, Miss Chapman stated.

In an effort to obtain a larger student following at the Thanksgiving day football game between San Jose State and Santa Clara, at Spartan stadium, the deadline for purchasing student and faculty tickets has been extended, according to the Graduate Manager's office.

The original deadline had been set for yesterday at 5 p.m., but at that time only 1300 tickets had been purchased.

Tuesday at 5 p.m. will be the final day for students and faculty to obtain ducats for \$1. Evidence of owning an ASB or faculty card must be shown.

Guest tickets at \$1.30 and \$2.40 will be available until Nov. 26 at the Graduate Manager's office.

College Welcomes Visiting Trackmen

The official welcoming committee of the Rally committee, headed by Lee Simon and Lyndell Burnett, will greet eight members of the San Diego Naval Training station cross-country team on campus today, said Chuck Wing, Rally committee chairman.

The guests will see the color movie "Hail Spartans Hall," then they will be served refreshments and given a tour of campus, Wing said.

Daily Welcomes Discussion

We welcome any discussion of the Spartan Daily by members of the administration or by the Associated Student Body.

However, we do feel that the students are unaware that the ASB organization does not pay the total cost of this publication. The Associated Students pay for less than one third of the cost of the Daily. The other two-thirds are paid for by the advertisements which appear in the Daily.

We feel that this situation has not been brought to light enough in the past to acquaint all students with the financial position of the Spartan Daily. This discussion, in our estimation, will come to a happy conclusion for all parties concerned.

Handicapped Scouts Ask SJS Assistance

A troop of Boy Scouts of America needs help from SJS college students and members of the faculty.

Troop 45 of the San Jose area is composed of handicapped children, mostly cerebral palsy and polio victims. These juveniles need former scouts to help them as assistant scoutmasters. Handicapped children need more aid and individual attention than the usual group of youngsters, and we think that students at this college with scout training have a great opportunity to aid these deserving scouts.

Guest speakers are needed, also, to speak before this group. These children are very intelligent, Don True, member of the board of directors of the Junior Chamber of Commerce, has informed us, and are interested in hearing lectures and viewing exhibits.

Possibly many entrants who took part in the recent campus Hobby Show could aid these handicapped children. The scouts would be interested in exhibits or lectures on art, radio, science, stamps, books, animals, birds, sports, photography, etc. Or if anyone has a few interesting movies he could show the scouts, it would be greatly appreciated.

We feel that in such a worth while project as this, every individual who can help, will help. We have confidence that these courageous scouts will receive faculty and student assistance.

Movie Bills of Fare Listed for 'TGIF' Crowd

By MARV HALL

No, there's no football game in town tonight but that doesn't mean you have to sit and stare at the wall all night—go to a movie.

Take the UA theater, for instance. Sterling Sterling Hayden will beam from the UA screen starting tonight in "Flat Top," which co-stars Richard Carlson. This film concerns itself with aircraft-carriers, planes and men.

And if those zany crazies, the Bowery Boys, on the loose, again in the second feature at the UA—"No Holds Barred."

Starting next Wednesday, the UA will present the story of Jim Bowie and his knife, "The Iron Mistress."

The California theater has come up with a gangland epic titled "The Turning Point," with Bill Holden, Ed O'Brien and Alexis Smith.

It's called "The frank, exciting story of big-time gangland today... how they get away with anything." Go see the picture if you want to find out just how much they get away with.

The Studio theater will celebrate Turkey Day with a celluloid entitled "Plymouth Adventure." It stars Spencer Tracy, Gene Tierney and Van Johnson. Playing at the Studio until then will be "Because You're Mine," from the song of the same name. Mario Lanza, Doretta Morrow and James Whitmore dramatize it.

Theta Xi Dance Honors Four 'Pinned' Pairs

Four Theta Xi fraternity brothers who recently announced their pinning will be honored at the organization's fall quarter sport dance at Hillsdale club, on the Monterey highway south of San Jose, Saturday night from 9 p.m. to 1 a.m.

The honored couples are John Griffin and Sally Barnett, George Sweet and Joline Howard, Kappa Phi, Eugene Wortner and Pat Whitaker, and Don Lee and Mary Bender.

Fall pledges who will attend are Dick Case, Dick Monnier, Paul Perry, Ronald Schwartz and Donald Stott.

Advisers for the affair are Ed C. Glover, Thomas Eagan and Lowell C. Pratt.

Ex-Daily Chief In Army Now, Visits Campus

Dan Hruby, editor of the Spartan Daily in the winter of 1951, paid the campus a visit this week and reported on the whereabouts of several former Spartan Daily staff members.

Hruby, who was en route to Fort Holabird near Baltimore, Md., where he will attend the Army counter-intelligence school, expects to meet George MacDonald, a former member of the Daily sports staff there.

They will meet Ross Massey, another former Daily reporter, in New York City, according to Hruby. The former editor reports that Massey is the public relations director at the Lima, Ohio ordinance depot. According to Hruby, Massey, although a civilian, has been sent to the army public information school which is located at New Rochelle, New York.

Hruby informed Dr. Dwight Bentel, head of the journalism department, that journalism training has given many ex-Spartans an edge in securing good positions in the army. He reports that Bill Noyer, another former Daily staff member who is currently in Austria, also attended the school at Fort Holabird.

GIs Reminded To Reinstate Lapsed Life Insurance

"More than \$10 billion in lapsed GI term life insurance will be lost under present laws unless the 1,200,000 veterans who have permitted their policies to lapse, reinstate them before the terms expire within the next 14 months," according to a Veterans Administration bulletin.

The policies involved are lapsed term National Service Life Insurance, issued to two groups of World War II and post-World War II veterans.

Veterans in either group will lose their coverage if they fail to reinstate their policies before the terms expire. Renewal of the policies may be accomplished by applying to the VA, the bulletin indicates.

Mum's Word On Ike's Trip

Washington, Nov. 20 (UP)—Defense Secretary Robert A. Lovett said today a news blackout will be imposed on president-elect Eisenhower's forthcoming trip to Korea for "security" reasons.

Lovett issued this statement which he said had Eisenhower's approval:

"The president-designate of the United States promised the American people he would go to Korea. He is going to Korea sometime in the future.

"The security of the president-designate is of paramount importance to the people of the nation as well as to the peoples of the free world.

"I sincerely trust that the American people and the American press, radio, television and newsreels will realize the necessity for such precautionary measures and that they will cooperate with the Department of Defense in carrying them out."

Need Students To Lead Youngsters

The Community Service committee is soliciting volunteers from campus organizations in its drive to provide recreational supervision for school children of San Jose's underdeveloped Mayfair district.

Tomorrow several students will lead games and crafts at Mayfair elementary school from

9 a.m. to 1 p.m. They include the pledges of Kappa Alpha fraternity, headed by Pete Graff. They are interested in starting baseball and football leagues for the children.

The pledges had planned to start the program last Saturday, but were prevented from doing so by the rain.

A meeting of independent and organization students was held last night to talk over the project. Pat Engerud, chairman of the service committee, presided.

Miss Engerud talked to the Freshman class council, Tri Sigma service organization and Kappa Phi, Methodist sorority, about the project. Kappa Phi has suggested having a Christmas party.

The committee foresees an extensive program of activities and recreation for the children. Mayfair is an unincorporated community in which many of the families are new residents, so there are few entertainment facilities for the younger set. She feels that SJS can do a big part in developing the social life of the community.

Approximately 65 per cent of the families in the area are of foreign extraction. The children enrolled in Mayfair school number close to 800, according to the principal, Robert C. McGuire.

Requiem Mass Given for SJS Frat Leader

Requiem mass was celebrated for Marine Lt. Stewart McCullough, former president of the college's Interfraternity council, Wednesday morning at St. Patrick's church. Interment followed in Santa Clara Catholic cemetery.

Pallbearers were Al Wiemers, Jim Kerr, Don Farias, Bob Hall, Richard Thompson and John Hamber. All were Sigma Alpha Epsilon fraternity brothers of Lt. McCullough while he was at the college.

Lt. McCullough was killed in an automobile accident Nov. 11 near Washington, D.C. Funeral arrangements were under the direction of the Darling-Fischer Garden Chapel mortuary.

Oriocci Dance Set Tonight At YWCA

Contributions for a Thanksgiving basket is the price of admission to the Spartan Oriocci benefit dance at 8 p.m. tonight in the main hall of the YWCA.

Proceeds will be given to the Visiting Nurses association, according to Lillie Kawamura, chairman.

Assisting Miss Kawamura with arrangements are Alice Tanaka, Emi Kato, Bernice Ota, Nora Sato, Jessie Matsumoto, George Lee, Tom Kumano, Menlo Kawakami and Joyce Nagayama.

Entertainment will be provided by Barbara Luginoto, Vi Olivete, Bev Brady, June Misono, Martha Kitayama, Jessie Matsumoto, George Lee and Nora Lato.

Part-Time Job

John Cowan, representative of the Family Discount club, will be in Room 100 today at 3 p.m. to interview students who wish to sell booklets on a part-time basis, according to Dr. Vernon Ouellette, placement officer.

Entrance Test Scheduled

Personnel entrance tests, required of all students seeking admission to the college, will be given Dec. 6 from 8 a.m. to 5 p.m. in Morris Dailey auditorium. Dr. Harrison F. Heath, test officer, announced recently.

"Any student now enrolled who has not taken the personnel tests will be denied registration for the winter quarter unless he takes the Dec. 6 test," Dr. Heath emphasized.

Football Topic On IRR Show

Head Football Coach Bob Bronzan and Gene Menges, backfield coach, will discuss Spartan football Sunday afternoon at 12:30 o'clock over the Institute of Industrial Relations' weekly radio show on station KEEN.

The coaches will speculate on the Spartan-Bronco game Thanksgiving day, and also will consider the future of SJS football under the de-emphasis program.

They Were On the Ball

—photo by Parker
PATTI PRATT, left, and Joe Tiago, right, are identifying the athletic balls in the contest held Tuesday at the All-College Hobby show. Jackie Lawlor, hostess, looks on. The contest was won by three students, Laurette Loustau, Dink Clark and Betty Fondren. They correctly named 24 out of the 25 balls displayed in the patio. The show was sponsored by the senior recreation majors. The balls include golf, soccer, polo, basketball, ping pong, volleyball, baseball, practice golf, and others.

SPARTAN DAILY 3

SJ Chapel Group To Select Pews

Members of the Memorial Chapel decorations committee will meet this week with makers of church furniture to discuss types and costs of pews for the Chapel, Warren W. Faus, committee chairman announced. At a recent conference the proposal to replace temporary straight backed chairs with conventional church pews was discussed by the committee and suggestions were made for raising necessary funds.

Math Division May Grant M.A. Degrees

The college Mathematics department has made application to the State Board of Education for permission to grant a master's degree in applied mathematics, Dr. William H. Myers, department head, announced yesterday.

The Mathematics department presently grants master's degrees only with teaching credentials, Dr. Myers said. Many government agencies and private industries have a tremendous demand for mathematics graduates. Rocket research bases, Lockheed aircraft company, Dow Chemical, Shell Oil, and the Navy department are constantly seeking graduates.

National defense has created a situation, Dr. Myers declared, where mathematics majors will have unlimited opportunities. Particularly in demand are math grads with graduate work in the field.

Results of the SJS application will not be known until next year, according to the department head.

Mr. Warren T. Hill, interior design instructor, reported that the altar table is near completion and will be ready for installation within the next week. Additional furniture needs for the Chapel were listed as a reading desk and chairs for the Chapel platform. The committee plans to design candelabra and have them made in harmony with Chapel decorations, Faus reported.

As a memorial to the 4500 San Jose State college men and women who served in World War II, the Chapel was completed in 1942.

Rains Won't Delay SJS Construction

Construction of the Shops and Laboratory, Speech and Drama, and the Music buildings will not be seriously delayed by winter rains, George J. Dieterle, senior construction superintendent, reported yesterday.

According to latest estimates, the three buildings will be completed as follows: Music building, February 28, 1953; Shops and Laboratory building, March 30, 1953; Speech and Drama building, March 1, 1954.

"Work on the Speech and Drama building is progressing on schedule, and if the rain holds off, we will be above ground within two weeks," Dieterle said. Construction of columns and outside foundation walls will begin as soon as pile cappings and tie beams are completed, he reported.

Next step in the construction will be to lay floor slabs and pour walls of re-enforced concrete. This work will be done above the ground level and will not be hampered by mud, Dieterle explained. Last year muddy conditions around the Shops and Laboratory build-

ing and the Music building delayed work for approximately three weeks.

"Rooms are being plastered in the Shops and Laboratory building, and we expect to begin installing equipment next month," Dieterle said. A few of the laboratories to be included in the new building are a hydrolic lab for experiments with the use of pumps; a test lab for testing the strength of steel, concrete, and wood; and a communications lab, with radio and FM equipment for transmitting and receiving.

James H. Anderson, assistant professor of engineering, stated that he hopes to use some of the labs by spring quarter. He estimated that equipment cost for the building would total \$100,000, pointing out that a single machine tool will cost up to \$16,000.

In the Music building, workmen are progressing with plastering, interior trimming, and painting projects, Dieterle said. When this work is completed equipment will be installed.

P.E.-Rec Clubs Sponsor Talk By NYU Professor

Dr. Leonard Larson, professor of education and director of research at New York university, will be guest speaker at a joint meeting of physical education majors and recreation majors tonight from 7:15 to 8:15 in the Women's gym.

The meeting is open to the college, according to Miss Mary Wiley, assistant professor of physical education.

"The Development of Physical Education and Recreation in Scandinavian Countries," will be the subject of Dr. Larson's speech.

He also will discuss his trip to Europe last summer, where he attended the Olympics and participated in the World Seminar in physical education and recreation.

Dr. Larson has written several books. He is senior co-author of "Measurement and Evaluation in Physical, Health, and Recreation Education." In addition, he is the author of many research papers on cardiovascular respiratory studies, motor ability, and human performance.

PKA's, Nurses, Sponsor Dance

Members of Pi Kappa Alpha fraternity will be dancing with student nurses Saturday night at the Santa Clara Horsemen's association club.

The Student Nurses' organization of San Jose Hospital is joint sponsor of the dance. Records and skits will make up the entertainment.

Instructors Write For New Magazine

Student and Publisher, a completely new magazine devoted to journalism education, made its bow last month with an assist from two members of the San Jose State College Department of Journalism.

Dr. Dwight Bentel, head of the Journalism department, contributed an article entitled, "Looking at Your Future." Mrs. Dolores Spurgeon, assistant professor of journalism, received an acknowledgment for unsigned contributions.

Engineering Society To Hear About Cultural Tests Tonight

Dr. Allen N. Smith, assistant professor of engineering, will speak at tonight's meeting of the Student Engineering society in the Student Union. The group will meet at 8 o'clock, according to Wallace Coker, publicity chairman.

The topic of Dr. Smith's talk will be the cultural tests given at Penn State college. Dr. Smith is the newest member of the engineering faculty and comes from the University of Louisville, Ky.

Jelly Roll Jams Dixieland Jazz For Faculty

Friday's luncheon meeting of the Men's Faculty club turned into an educational jam session when the instructors listened to a recording of the "Saga of Jellyroll Morton," the story of the development of Dixieland jazz, recorded by the Library of Congress in the 1930's, according to Dr. Clinton O. Williams, president of the club.

He obtained the records from Maj. Ed A. Podesta, a former student now with the United States Army in Korea.

There were only 300 sets of the 12-album "Saga" issued, so they are a collector's item today, Dr. Williams said. He is going to have a tape made from the album and present it to the college.

A recent project of the faculty club was collecting books to send to Korean officers who had been befriended by Maj. Podesta. Fifteen books were donated by the faculty and the California book store.

uted an article entitled, "Looking at Your Future." Mrs. Dolores Spurgeon, assistant professor of journalism, received an acknowledgment for unsigned contributions.

He was an assistant professor at the university's speed college division.

The new Spartan professor is the author of the nationally distributed newspaper football prediction columns, "Smith's Touchdown Tendencies" and "Smith's Hoop Rating System."

Presiding at the meeting will be society president Dan Clampett. A motion picture and refreshments will follow the address, Coker declared.

Former Coach Exhibits Expensive Chinchillas

Chinchillas, valued between \$800 and \$1000, were exhibited and described recently by E. W. "Ted" Mumby, former wrestling coach here, and his wife, Dr. Ethel M. Shaull, owners of a chinchilla farm in Los Gatos. The exhibit was open to the public and was presented in conjunction with Rocco G. Pisano's introductory classes in animal husbandry.

"The chinchilla is now highly prized by furriers for its hair, which in wildlife was its only weapon of defence," Dr. Shaull told her audience. She explained that the hair of a live chinchilla pulls out easily, and when the small animal is attacked, its enemy is irritated by inhaling the loose hair.

Since 1923 chinchilla raising has grown rapidly as a business, she said, and now more chinchillas live in captivity than live in the South American mountains, their natural home.

The rare animal, little known to the world, once lived at sea level, but migrated to the mountains to escape its enemies. By existing mostly on cellulose, the chinchilla lived in relative safety here until man developed a market for its fur.

Dr. Shaull demonstrated the system of sound communication used by the chinchilla, imitating sounds of fright, contentment, challenge, and tenderness. Any sharp noise, she explained, will cause all the chinchillas in a group to freeze. A shrill "chuk-chuk" from one of the chinchillas warns of danger, and they hold a motionless position until the danger

Folk Singing Club To Meet Tonight

The Spartan Folk Singers, a group of SJS students who plan to meet regularly to learn folk songs, were organized recently at a meeting held at the home of Miss Lael Hawk, SJS student. Operating under the Spartan Spinner's constitution, the group will perform on occasions with the college square dancers. A second meeting will be held this evening at 7:30 o'clock, Room 22 in the Women's gym.

Musical accompaniment for the singers will be furnished by Jim Carter, guitar; Malcolm Stebbins, guitar; Anita Arellano, guitar; Lael Hawk, accordion, and Carolyn Marr, accordion. Carter was credited with suggesting the idea for the organization.

Feature Songs Of '53 Review

Songs and routines from the 1953 "Spartan Revelries" will be featured tomorrow morning on "Twenty-nine-Thirty," Spartan radio program heard at 9:30 o'clock over station KLOK.

Dave Woods, production director of "Revelries," and Maurice Bodwell, musical director, will present portions of next Spring's show.

The half-hour show, which is heard at the same time every Saturday, is produced by Woods, Clyde Allen and Jerry Morrison.

Quartet Wins Talent Prize

The Freshmanettes, singing group, won second place in the Horace Heidt Talent show held Tuesday evening in the Civic auditorium.

Included in the group, which won \$20, are Rosie Magnasco, Nancy Daniel, Diane Pardue and Pat Taylor.

Arnold Airmen Initiate 23 New Members

Twenty-three members were initiated recently into the Arnold Air society at the organization's annual initiation banquet held at the DeAnza hotel.

Dr. Elmer H. Staffebach, professor of education at the college and sponsor of the group, gave the welcoming address. He then introduced Col. Richards Bristol, head of the department of air science and tactics, who was the guest speaker.

Mystery Show To Be Aired By Radio Guild

"The Hitch-hiker," by Lucille Fletcher, will be presented by the Radio Guild Sunday evening at 6 o'clock over station KEEN.

First presented on "Suspense," the show is a mystery thriller, according to Ron Wren, director of this week's program.

Ron Etheridge will play the lead, supported by Martha Mahan, Virginia Grattan, Pat Brizee and Neal Reynolds. Sound and music technician is Evelyn Jackson.

Dr. Duncan To Address Group

At the forthcoming Teacher's Institute for Santa Clara county schools meeting, three members of the San Jose State college science faculty will head informative sessions in their field. Institute sessions will be held on Nov. 24-26 in the San Jose Civic auditorium, and in San Jose and Santa Clara schools.

Dr. Carl D. Duncan, Natural Science department head; Dr. Matthew F. Vessel, professor of nature study; and John P. Harville, assistant professor of nature study, will speak on the subject of science education in the primary, intermediate, seventh and eighth grades.

Palo Alto Editor Outlines Crusade

San Jose State college journalism majors were given the opportunity to learn how a successful newspaper campaign is conducted when Jean Paulson, managing editor of the Palo Alto Times, was given the first of "The Big Red Apple Awards" to be presented by department seniors and faculty members.

Paulson reviewed the "Bloody Bayshore" campaign, which won him the award for meritorious service in journalism.

According to Editor Paulson, the "Bloody Bayshore" campaign began when a Stanford professor entered the Times office and demanded that "something be done" about the terrible toll of accidents on Bayshore highway.

Paulson advised the professor to write a letter to the editor. When the letter arrived in the Times office, it was published on the front page. The response was immediate, Paulson said. At that particular time, one person a week was being killed along the Bayshore highway.

Soon after the campaign began, four persons were burned to death after a collision had ignited the car in which they were riding. A navy chief tried to save three of the victims, but when he realized that they were dying, he led them in the Lord's Prayer. The Times handled this dramatic story with photographs.

Paulson said that hundreds of news and feature items were col-

lected about accidents. "Bayshore Widows" were interviewed. Statistics were interpreted. According to estimates, accident damages cost \$100,000 per fatality. Paulson figures California loses about \$300 million.

Investigation showed that justices of the peace and judges in the towns along Bayshore varied in their treatment of reckless and drunken drivers. Paulson publicized this.

Aid was enlisted from State Senators Collier and Judah. Doctors and hospitals cooperated. A petition was circulated which was signed by nearly 40,000 persons, according to Paulson.

The petition was delivered to Governor Warren in a Pan-American stratosliner. Accompanying Paulson to Sacramento were 50 persons, including all of the mayors and presidents of chambers of commerce from Sunnyvale to Burlingame. Paulson said that this was his fourth trip to see the governor about "Bloody Bayshore." This one got results.

Paulson listed as some of the results of his "Bloody Bayshore" campaign: Better highway patrolling, the extension of the freeway, larger appropriations for highways, and more interest in public safety.

Dr. Dwight Bentel, head of the journalism department, remarked that the "Bloody Bayshore" campaign was a good indication that the press has not lost its power.

SPARTAN DAILY 5

Editors Hope To Finish Pasting-up Lyke Today

If no last minute emergencies arise, Lyke will be in the hands of the printer tonight, Bob Kimura and Bob Miller, co-editors of the campus feature magazine, reported.

According to the co-editors, the last few days have been difficult and over-time has been required of Kimura, Joyce Burrell, fashion editor; Huber Vargas, art editor; and Bob Pettet, make-up editor.

The co-editors explained that Pettet had a particularly tough job. As make-up editor, he has had to paste-up Lyke pages in just the manner readers will see them. This includes pasting art, photographs, advertisements and editorial matter to exact specifications. Page arrangements must be perfect, Kimura and Miller said. This is because Lyke is published via the offset method, the co-editors continued. It is reproduced photographically.

Kimura and Miller are willing to describe the finished product, but insist on keeping secret the identity of the prominent person who will appear on the cover.

No sale date has been set for Lyke because the printer has not set a delivery date, according to

the co-editors. However, they promise that the feature magazine will be on the stands early in December and that it will be "bigger and more interesting than ever."

Audio-Visual Services Double Over Last Year

Total equipment loans and projection services made this year by the college's Audio-Visual Service center are almost double the number reported for the September-October period last year, according to Dr. Richard B. Lewis, coordinator of audio-visual services.

"City and county audio-visual agencies report similar increases," Dr. Lewis disclosed.

College equipment loans for September and October of this year total 1315 as compared with last year's 676, Dr. Lewis reported. Projection services showing a comparable increase total 401, bettering last year's total, 276.

Dr. Lewis attributes the higher

loan and projection totals to "the increasing availability of more and better materials for the improvement of instruction."

"There has been a substantial increase in the use of audio-visual materials by student teachers," Dr. Lewis added. More faculty members now are using our services."

Approximately 145 persons are being instructed in the use of A-V equipment this quarter, Dr. Lewis disclosed.

Since instruction in the use of audio-visual materials was started in the summer of 1945-5939 persons have taken the course, he added.

Draft Deferment Exam To Be Given At College Dec. 4

The Selective Service's college qualifications test will be given at the college Dec. 4 from 9 a.m. to 12:30 p.m., Dr. Harrison Heath, test officer, said yesterday.

Tickets of admission from the Princeton Education testing service must be presented by students in Room 118 or they will not be able to take the test, Dr. Heath said.

Students who failed to apply by Nov. 1 for the Dec. 4 test can apply for the April test through their local draft boards. Those students who have taken the test once, and wish to repeat it must receive approval from their local draft board.

The test is three hours long and contains 150 questions. Each test is sealed and cannot be opened until the starting signal is given, according to Dr. Heath.

A reflecting glove designed to make a motorist's hand signal visible at night has been patented.

"GOD: MYTH, SYMBOL, REALITY, OR NONEXISTENCE?"

Engineers Tell Dr. Wahlquist Of Objectives

Faculty members of the Engineering department and the President's Council met Tuesday to discuss problems of the department's program, objectives, and procedure, according to Dr. Ralph J. Smith, Engineering department head.

"I was quite pleased that the President's Council took the time to discuss problems of the Engineering department with the faculty members," Dr. Smith declared. The department had requested the conference with the Council.

Following the meeting Council members, including Dr. John T. Wahlquist, college president, and Dr. Fred Harclerod, dean of instruction, were taken on a tour of the new Engineering building.

Outcome of the conference and tour, Dr. Smith said, will lead to future orientation conferences between Council members and Engineering department faculty members.

Change Offices Of SJ Psych. Division

The office of the Division of Psychology, Philosophy, and Statistics has been moved from 192 S. Seventh to Room 200 in the south wing of the Technical High school building, Dr. C. W. Telford, division chairman, announced today.

According to Dr. Telford, technical difficulties have made it impossible for the new office to have its telephone connected with the college switchboard at the present time, and an outside phone is necessary. He listed the phone number as CYpress 7-0384.

Library Enlarges Stock

More than 325 volumes were added to the college library last week, according to the latest library book additions list.

The social science division received the greatest portion of the additions, 60 volumes in all. Highlighting the social science additions is Zechariah Chaffee's "Documents on Fundamental Human Rights," 1951, in two volumes. Also added to the division were "Marx Against the Peasant," by David Mitrany; "The Development of Economic Thought," by Henry W. Spiegel, and "American Urban Communities," by W. C. Hallenback.

"Reference Catalogue of Current Literature," two volumes, heads the additions to the general works division. "Catholic Social Thought," by M. J. Williams is one of 12 additions to the religious division.

George Carter's "Annual Evolution" is one of the additions to the science division of the Library. Also added to the science division is "Applied Atomic Energy," by Kenneth Fearnside; "Genetics—The Science of Heredity," by John Pfeiffer, and "World View of Physics," by Carl Weizsacker.

The applied sciences division has been swelled with the addition of 20 volumes, including "Yearbook," by the U.S. Department of Agriculture. More than 40 volumes have been added to the arts division, including "Rules on How to Compose," by

Giovanni Coperario; "Hollywood, USA, from Script to Screen," by Alice E. Fields, and "Symmetry," by Herman Weyl.

Raiders Will Try For Second Win

Coach Bob Bronzan will lead his pigskin warriors into Spartan stadium, Thanksgiving Day to do battle with their cross-town rivals of three previous games, the University of Santa Clara Broncos.

The three games since 1949 have all been nip and tuck battles, as this one is expected to be. Each team has won one game. The contest last year ended in a 7-7 tie.

The short rivalry started out in 1949, with the Santa Clara Broncos winning a close 14-13 decision. The Spartans led all the way in the game up until the last five minutes, when Marte Formico, "The Splendid Splinter," 150-pound halfback, returned a punt 50 yards for a touchdown which won the game. The Broncos went on to win the Orange Bowl game that year 21-13 from the University of Kentucky.

In 1950 the Golden Raiders got their revenge when the Santa Clara eleven led most of the game, only to have final victory snatched from them in the fourth quarter by the lads from Washington Square, 14-10.

Harry Beck, one of the greatest Spartan fullbacks of all time, was the big gun in the game, gaining 209 yards and scoring both tallies.

Last year's 7-7 battle was sparked more by the defensive platoons than the offensive teams. The Broncos managed to tally in the second quarter on a pass from Johnny Pasco to Dick Wiborne.

They held their 7-0 lead until well into the fourth quarter, when Jerry Hamilton connected on a 12-yard pass to halfback Bob Osborne for the Spartan's tally.

George Porter added the extra point to tie the game. Bob Amaral, Raider end, who at the time was playing fullback, was the big ground gainer in the game with 56 yards.

This season's game should be

along the same lines as the former tussles in that it probably will be close all the way. The Spartans will enter the game slight favorites to cop undisputed right to the Independent crown of the West Coast, but the Broncos have several of their key players off the injury list which will undoubtedly make them stronger than at any time this season.

Spartan Water Poloists Meet Aggies Tonight

With five wins in five starts so far this season the San Jose State water polo squad will attempt to wind up its dual meet schedule on the positive side of the ledger when they meet the Cal Aggies tonight in the local tank.

The freshman team will take on the Modesto Junior College seven tonight in the seven o'clock preliminary with the varsity game slated to begin at eight.

In the last meeting of the two teams, played in the Davis pool, the Aggies eked out a 7-6 win. Tonight the Spartans' main objective will be to stop Bill (Hoppy) Hopkins, who scored five goals in the first game.

Ushers Needed

An urgent call has been issued by Jerry Vroom, athletic graduate manager, for students to usher the Thursday football game between the Spartans and the Santa Clara Broncos at Spartan stadium.

Anyone interested should contact Vroom in the Men's gym. Pay for the work will be two dollars.

Top Trackmen Run Today In Invitational

Several of the Pacific Coast's top runners will be vying for top honors in the San Jose State invitational cross-country meet to be run today at Spartan stadium.

The race will begin at the stadium at 4 p.m. and will be run

GENE HAYNES
... State Champ

over a surrounding course of 3.8 miles with the finish also in the stadium.

The Spartans' main opponent for the team championship will be the San Diego Naval Training team. Cal Poly and Stanford will also have teams entered.

Outstanding runners on the Navy team are Joe Tyler, a former Spartan; and Joe Villareal. Both turned in outstanding performances in the Aztec Invitational held at San Diego State last week end and will give Spartan stars Gene Haynes and Bob McMullen a rough race.

Haynes won the Aztec meet in record time and McMullen took fourth. Cal Poly's top man will be Allie Cage, state prep mile champion two years ago.

KRON To Televis Top Coast Games

Roland Irving, president of KRON-TV, announced that the San Francisco station will monitor Saturday's USC-UCLA game at all times and will interrupt its regularly scheduled telecast of the Cal-Stanford game to show highlights of the southland tilt.

The grid battle between UCLA and Southern California will not be telecast as a whole to this area, it was reported. However, for the first time on TV, the NCAA, by popular demand, will allow two games to be broadcast over one channel on a "split-TV" plan. Whenever there is a lull in the Cal-Stanford game they will switch controls to the southern game.

Saturday's game between UCLA and Southern California was reported officially to be a sellout three days ahead of the scheduled meeting.

Novice Tourney

Coach Dee Portal announced yesterday that all fraternities and sororities taking part in the Novice Boxing tournament are requested to attend the "details and problems" meeting Monday at 4:30 p.m. in the men's Physical Education office.

Portal, after talking it over with the Interfraternity council Wednesday night, decided that a special meeting with every organization represented would be the best way to hash over the rooting section assignments, rules and the other details.

Cal Rifle Team Out Fires Raiders

By BILL FARR

Coach Sgt. Dick Hoskings' Spartan riflemen went out hunting Bears yesterday and not only didn't make a killing but had the University of California species show them how to shoot.

The Golden Raider musketeers dropped their match with the defending intercollegiate champions, 1365-1402, yesterday afternoon on the Spartan range.

Led by All-American Gordon J. Tarras everyone of Cal's top five boasted scores higher than SJS ace Bill Feeley. Feeley led the shooting for the local team with 276 amassed with 89 standing, 88

SPARTAN DAILY 7
Friday, Nov. 21, 1952

kneeling and 99 prone tallies.

Next in the scoring for the Hoskings' charges were Kaye Tomlin, and Orbie Robertson with 274. Rounding out the card for San Jose were Guy Wright, 272, and Willis Thomas, 269.

Cal marks were Tarras, 285; Dick McDermott, 280; Ty Wio, 279; and Lou Wedheme, 278. The Bear riflers have lost only one match in the last five years.

Barbara Neils Wins Award

Barbara Neils, graduate speech correction student, is the first recipient of a speech correction scholarship awarded by the Mt. View Women's club, according to Mrs. Ray E. Wright, president.

The award was announced at the organization's fall district council meeting in Santa Barbara. The Women's service organization plans to make the \$100 scholarship an annual award.

Miss Neils was selected by members of the Speech department faculty for her work in speech correction.

State Government Test Given To 77 Senior Students

There were 77 seniors who took the California state government test Wednesday afternoon, according to Dr. S. Laird Swagert, associate professor of political science, who is in charge of the testing program.

"Most students with majors or minors in social science will have covered the required material in the course of their college careers," said Dr. Swagert.

The test is given for those students who have not fulfilled the state California history and government material requirement in their regular curriculum, he explained.

"Eventually only out-of-state transfers will be required to take the test," Dr. Swagert predicted.

Faculty Study Grants Listed

Approximately 250 faculty fellowships for the 1953-54 academic year will be offered teachers through the country by the Fund for the Advancement of Education, Dr. Fred F. Harclerod, dean of instruction, announces.

Fellowships are available in the humanities, the social sciences and the natural sciences. Each fellowship provides a grant approximately equivalent to the recipient's salary at the time of application.

San Jose State college, being an institution of more than 1500 enrollment, may nominate "four candidates," the bulletin indicates. Awards are to be announced April 1, 1953. Additional information is available in Room 110, Dean Harclerod said.

Trot Entries Await Tuesday

Eight fraternity teams have started practices and individual entries are pouring in as the Alpha Phi Omegas' ninth annual Turkey Trot approaches.

The three-mile trot will be held at 12:30 o'clock Tuesday afternoon.

Two relay teams, representing Delta Sigma Phi and Lambda Phi Alpha fraternities, already have registered for competition.

Individual entries, both novice and cross country, show signs of reaching a near-record number.

Service Group Head Talks To Frosh Council

The Freshman class this week, in keeping with its policy of participating in community service projects, heard Pat Engerud, chairman of the Student Community Service committee, in its two council meetings this week, according to Harrison W. McCreath, class co-adviser.

Students can get the community to take a larger interest in the college by participating in more community affairs, Miss Engerud stated.

The Student Community Service committee was started to coordinate the efforts of students who want to work on community projects, Miss Engerud disclosed.

A Freshman Service Project committee has been appointed to work with Miss Engerud, Mr. McCreath reported.

KP-GE Teachers Asked To Sign Up

Kindergarten primary and general elementary students who plan to student teach winter quarter are requested to sign up immediately with Mrs. Ann Fabrizio in the Education office.

Students planning to take elementary school curriculum in winter quarter also are requested to pre-register with Mrs. Fabrizio.

Give 17 Graduate Study Approvals

Approval of graduate study towards the M.A. degree was recently granted to 17 students at San Jose State college, according to Dr. Harry T. Jensen, Graduate Study department head.

The 17 students approved for study, with education as the major, are Evelyn Broadus, Raymond Cruickshank, Virginia Eaton, Albert Handley, Lois Hoyt, Charles Johnson, James Johnson, Janice Johnstone, Louis McKeown, James Minton, Doris Moore, Phyllis Morris, Frank Perry, Vivian Rushworth, Perry Stratton, Jeanne Sullivan and Bertie Vekander.

Candidacy approval implies that the degree will be awarded upon satisfactory completion of remaining requirements, according to Dr. Jensen.

Alumnus To Learn About UNIVAC

Spartan alumnus Oscar Palon, a June '51 graduate in mathematics, will begin training in Philadelphia next week to operate "UNIVAC," one of the Remington Rand corporation's giant electronic calculators, according to Dr. William H. Meyers, head of the Mathematics department.

Palon, who is employed by the Atomic Energy Commission plant at Livermore, Calif., will train for six weeks. He will return with a condensed version of the calculator for operation at the atomic plant.

H.E. Color Display

A display of color schemes for homes now is being exhibited in the show cases of the Home Economics building. A psychologist's color chart also is a part of the display.

The exhibit was done by Norma Gandolfo, home economics major.

Tau Delta Phi Sends Books To Philippines

An initiation of pledges and shipment of textbooks to a needy school abroad were the main activities of Tau Delta Phi, honorary scholastic fraternity, last week, according to Bob Cross, Grand Magistrate.

The Tau Dels collected 96 box-loads of used textbooks from individuals on campus. The books will be shipped to the Philippine Islands as part of a national "share your books with the world" campaign, Cross said.

President John T. Wahlquist was made an honorary member of the fraternity and 30 members were initiated Saturday evening in ceremonies which climaxed a week of pledging, Cross disclosed.

A banquet followed at the International kitchen in Niles.

Prexy Attends Meeting

Dr. John T. Wahlquist, president of San Jose State college, joined members of the advertising and publicity committee of the San Jose Chamber of Commerce in their regular monthly luncheon in the college cafeteria Tuesday.

Lowell Pratt, director of public relations reported.

Present at the meeting were:

Clark Lawrence of the Long Ad-

vertising agency, chairman; Floyd Farr, general manager of radio station KEEN; Joe Levitt of the Coast Radio company; Carl Leplane, commercial artist; Lloyd Weber, of the Chamber of Commerce staff; and Mrs. Diane Meyers and Mr. Pratt.

According to Mr. Pratt, a short tour of the campus was taken after the meeting.

RENDEZVOUS CAFE

* 1595 SOUTH FIRST STREET

Roos Bros

**Q. Have you heard
tell of Indepel?**

**A. Yes! It's a process
that makes Roos new**

**SUEDE JACKETS water
and spot resistant!**

Don't worry about this suede jacket getting spotted if you're caught in a shower — the Indepel treatment make it resistant to moisture, spotting and staining! Add good looks, comfort, and you've got a jacket that's very practical on campus — one that, with considerate treatment, will last you for a long time.
